### **Case Study – Greenock United FC**

---

#### **Amount Awarded: £1,000.00**

“Greenock United has used the grant to fund the pitch hire for our adults pan disability teams. The money has helped with transport to and from our league games in Falkirk.

The aim at Greenock United is to help everyone regardless of ability to train and play football. Our numbers are growing at the money has helped to finance taster sessions.

At our club, we pride ourselves on bringing football to the people of Inverclyde who may not have the opportunity elsewhere. The coaches get as much from providing these training sessions each week as our teammates do.

We are hoping to provide more opportunities by starting a team for teenagers with autism early next year.”

- Greenock United FC (September 2021)
